Judge Decides County Scrip Is Not Legal Tender.

A TEST CASE MADE.

Scrip Was Tendered to the Collector of Galveston County, but Refused and Suit Brought to Compel Acceptance.

Galveston, June 12.—Judge Swart rendered his decision in the case of Disbrow vs. the state and County Tax Collector Fulton, refusing to accept writ of mandamus to compel the collector to accept county warrants in payment of taxes. Disbrow tendered county warrants in payment of taxes, and the collector refused to accept them in lieu of cash. This was the first case of its kind on record and was watched, as many people holding county scrip would have paid their taxes with it had the decision been favorable.

Says It Is Gold.

Terrell, Tex., June 12.—Captain S. J. Cox has returned from the "gold fields" of Egypt, this county, and brought with him a sample of the dirt taken from the well in which it is claimed gold nuggets have been found. He said: "There is no doubt that there is gold to be found in the Egypt community. A 4-foot shaft is being sunk to the gold strata, and when this is completed, which will be in a few days, it will positively whether or not there is really gold in paying quantities there."

Mother Saw Him Drown.

San Antonio, June 12.—Oscar Hoskins, aged 16, was drowned in the San Antonio river near the Market street bridge, while bathing. At the point where he was drowned there was a spring board, from which he dived, and it is supposed his head came in contact with some object, stunning him. His mother, who lived on the bank of the river, was a witness to the drowning.

Trolley Line for Texarkana.

Texarkana, Tex., June 12.—The city council of the Texas side met Tuesday night and by a vote of 7 to 2 granted a 30-year franchise to Kansas City capitalists to build, equip and operate an electric light plant and street railway. The company enters into bond in the sum of \$5000 to be forfeited to the city in case it fails to have its plant completed and in operation by June 10, 1902.

Given Death Penalty.

San Antonio, June 12.—Vicente Sancedo was convicted here on a charge of criminal assault and the death penalty imposed. Sancedo's victim was his 10-year-old stepdaughter, and she was the principal witness against him. The crime was horrible in detail and created intense excitement at the time, but was captured later by Sheriff Tobin in a barn two miles from the city.

Suit Against Austin.

Austin, June 12.—In the United States District court here suit was filed by George Harvey Church of New York City against the city of Austin for amounts aggregating \$20,365 on interest coupons of the municipal water and light bonds. The city council at a recent meeting appropriated money to pay the judgments rendered in similar suits filed by the same plaintiff.

Given a Clerkship.

Austin, June 12.—Cleveland Morris of Cass county has been appointed to a clerkship in the state treasury department. There is another vacancy in this department which will be filled within the next few days. A large number of applicants for appointment to the place have been received.

To Condemn Land.

Washington, June 12.—The naval authorities have decided to resort to condemnation proceedings to secure land here for the extension of the naval station at Algiers. About 100 acres additional is required and an agent recently has reported that the price asked is above what the department considers a fair sum, namely, \$100,000. The department of justice has therefore been asked to institute condemnation proceedings.

Storm in Pennsylvania.

Pittsburg, June 12.—A terrific electrical storm accompanied by a high wind and heavy rain passed over this section Tuesday evening, doing much damage to property and causing the death of Francis Morris, aged 17 years. The boy was instantly killed and several persons were badly shocked and hurt by falling brick. The same bolt struck three other houses in the vicinity, shattering them but resulting in no other fatalities.

Our Coal Production.

Washington, June 12.—Official report show that the year 1900, closed the century with the largest coal production ever recorded in the United States and continued the supremacy of the United States among the coal producing countries of the world. The total output was 167,543,444, an increase over the

preceding year of 13,802,453 tons or a little more than five per cent. The value of product was \$297,920,000.

Warm in Wisconsin.

LaCrosse, June 12.—The thermometer registered 95 Tuesday and many heat prostrations were reported. Horses dropped on the streets from heat.

Dallas Citizen Dead.

Dallas, June 12.—A. C. Ardrey, a prominent citizen and an alderman, died suddenly Tuesday evening.

EIGHTEEN DEAD.

Number of Victims of the Disaster at Port Royal Mine.

West Newton, Pa., June 12.—The death of Harvey Beveridge at McKeesport hospital late Tuesday night brings the total number of fatalities of the Port Royal mine disaster up to 18.

The last rescuing party entered the mines shortly after midnight and explored it for a distance of about 3000 feet and the body of David James was found. It was identified by a rag tied around his little toe on the left foot. The flesh was burned from the face in several places and the body looked as if it had met nearly the full force of the second explosion.

Five bodies have been recovered since the first explosion and there are still 13 bodies in the mine. What the exact conditions are in the unexplored part of the mine are not known. That there is fire is the opinion of many. The next party to enter the mine will extend ventilation as far as possible and rid it of whatever gas can be reached.

MEDALS FOR SOLDIERS.

King Edward Rewards Many Who Were in the South African War.

London, June 12.—London seldom had a finer spectacle than that witnessed on the Horse parade today when King Edward presented medals to 3000 soldier participants in the South African campaign. The great square was lined with guards drawn from the various regiments. In the center ground was a purple covered dais surmounted by an Indian tent with silver corner poles. In the space between the dais and St. James park were drawn up 3000 officers and men of the Guards, Household cavalry and City Imperial volunteers, all of whom had served in the campaign. The Admiralty, the Horse Guards and other official buildings fronting the parade were decorated with flags. Lord Mayor Frank Greene attended in state and members of the special Moorish embassy in picturesque costumes were interested spectators.

WILL EXPLODE IT.

The Government Will Set Off Over Seven Thousand Pounds of Dynamite.

New York, June 12.—Three, and a half tons of dynamite are to be exploded under the Narrows between Fort Hamilton and Fort Wadsworth. The dynamite was used during the Spanish war as a defense to the harbor. After the war Major H. H. Adams of the engineer corps, instead of exploding the torpedoes extracted the charges and stored the dynamite. Major W. L. Marshall advertised it for sale, but there have been no bids for it.

Major Marshall has therefore decided to sink the dynamite in casks of 500 pounds each into the depths of the Narrows.

The dynamite will be exploded by the touch of a key. When Major Marshall sets off his 7200 pounds of dynamite, Staten Island fishermen expect to get a wonderful catch.

After Thirty Years' Separation.

Dixon, Mo., June 12.—J. W. Andrews, a well known citizen of Dixon and business associate of Postmaster H. P. Sherwin, left here for St. Louis to meet and marry Mrs. Edith Yates of Washington, O. Friends who had been pledged in secrecy let the story out. The couple arranged to meet at Union station, and if mutually agreeable were to be married. They had not seen each other since 30 years ago, when they were schoolmates in Ohio. This was to be Mr. Andrews' third matrimonial venture. At the March term of the Pulaski circuit court he was divorced from a former wife.

Killed His Brother-in-Law.

Monmouth, Ill., June 12.—Frank Scovil struck his brother-in-law, William Jackson, over the head with a fence board, at Little York, from the effects of which Jackson died. Jackson while intoxicated, had attacked a younger brother of Scovil, when Frank took up the quarrel with the result stated. Mrs. John Scovil, mother of the slayer, and mother-in-law of Jackson, died soon after, her death being hastened by the news of the homicide, she having had a stroke of paralysis some time ago.

Murdered in Jail.

Pine Bluff, Ark., June 12.—A young white man named McLoide, incarcerated in the jail at Hamburg, was mysteriously murdered several nights ago by unknown parties. McLoide was charged with larceny, and previously served a term in the penitentiary. The affair occurred several nights ago and information regarding it has just been made public.

TRADE WITH The Bryan Grocery Company.

Headless Body Identified.

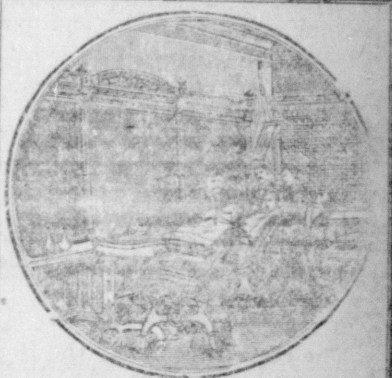

Lowell, Mass., June 12.—The woman whose headless body was found in Chelmsford woods last Sunday and whose head was found Tuesday, has been identified as Mrs. Margaret Blonidin of Boston. The dead woman married Blonidin, a French Canadian mill operator last February. It is not known where he is.

Credit Men at Cleveland.

Cleveland, June 12.—Business men from all sections of the country, representing an aggregate capital of \$1,500,000,000, were present at the opening session of the annual convention of National Association of credit men in the city. President John Field of Philadelphia, presided.

Crocker's Horse Won.

London, June 12.—Richard Crocker's Fambard, L. Reiff, won the imperial cup handicap of 400 sovereigns in specie and the cup is valued at 500 sovereigns, at Lingfield Park spring meeting. Ten horses started.

Sanitary Notice.

I respectfully urge everybody to immediately clean up their premises, as the approaching hot weather, with unsanitary local conditions, may cause sickness which could be prevented by a general cleaning up.

Cut the weeds in your yards and alleys and pile them up with all other refuse and burn them, also use plenty of lime, carbolic acid and other disinfectants. Allow no water to stand and stagnate, and notify the city marshal or myself of anything unsanitary in your neighborhood, and it will be given immediate attention.

These matters should not be overlooked or delayed, but should be attended to at once for the benefit of your own families and your neighbors.

I am very respectfully,
George R. Tabor, M. D.,
Health Officer.

Miss Wesa Weddington.

The current issue of the Baylor Literary publishes the pictures and a short biographical sketch of each member of 1901 graduating class of Baylor University of Waco. Among the number is a splendid likeness of Miss Wesa Weddington of Bryan, with this statement: "Wesa Weddington, whose home is in Bryan, Texas, graduated at the Bryan high school in 1897. In the spring of '98 she entered Baylor University, where she remained for three and a half years. She has finished this year with the degree of Ph. B., and after taking a master's degree she intends to pursue a higher course of study in some northern university." The picture of Joe Mitchell Nash also appears among the graduates, and his name as editor-in-chief, and Miss Weddington's as one of the senior editors of the Literary. She is also secretary of two of the leading societies. Her essay was on the subject, "Should the Higher Education of Women Differ from that of Men?"

BRYAN BUSINESS LEAGUE.

Important Matters Considered at the Meeting Tuesday Night.

The regular June meeting of the Business League was called to order by President Saunders on Tuesday night. The attendance was large, notwithstanding the commencement exercises going on at the A. & M. The minutes of last regular and also of the special meeting were read and approved.

The secretary reported that the Brazos Valley Medical association had accepted the league's invitation to hold its next November meeting in Bryan.

The committee on securing the location of the Free Baptist College was granted further time.

The committee appointed to take preliminary charge of the county fair matter reported that enough stock had been subscribed to insure the fair for this fall. Especial gratification was felt at the magnificent treatment accorded the committee at College. Nearly the entire faculty agreed to co-operate by taking stock. The committee will finish their canvass this week and then a meeting of stockholders will be held to elect officers and directors.

Mr. Eugene George was present for the H. & T. C. railroad, and agreed on a liberal plan of co-operation from his road in the fair. The business league having inaugurated the fair, will now turn it over to the stockholders, and except in a general way, will have no voice in the management.

The executive committee, through Maj. Cavitt, made a report showing that active and effective work is being done towards securing the location of the girls industrial school.

The following resolution was introduced by Messrs. Derden and Buchanan, and unanimously carried:

Whereas, it is the sense of the Bryan Business League that truck farming and other branches of crop diversification is one of the most important problems confronting our farmers; therefore

Be it Resolved, That this meeting earnestly request the farmers to begin as early as possible to put in operation a system of crop diversification of all kinds, that will bring in money at all seasons of the year, and that this league assures the farmer that the business men of Bryan will do all in their power to find a market for their products and also assist them in securing cheap transportation to the various markets of the country.

A resolution was passed requiring the treasurer to make a report at each monthly meeting of the league.

The obligation assumed by the Good Roads committee to pay a road superintendent \$20 per month for 5 months, was ordered paid out of the general fund.

The band made application for assistance in raising \$100 to defray expenses of their Austin trip. A committee was named to canvass the town for the amount. The league feels that the band is indispensable to the town, and merits liberal support.

A committee composed of the president and secretary was appointed to draft some proposed changes in the by-laws of the league and present same to next meeting. Adjourned.

To the Public.

NESMITH-SHIELDS.

A Pretty 6 o'clock Wedding at Saint Andrew's Church.

St. Andrew's Episcopal church, appropriately decorated, was the scene of a beautiful wedding yesterday afternoon at 6 o'clock. Mr. Earle Nesmith of Houston and Miss Rosemary Shields of this city were contracting parties and Rev. W. L. Smith of Hearne the officiating minister. Mr. T. B. Nesmith, brother of the groom, was best man, and Miss Marie Shields, maid of honor. Ten little girls, formerly pupils of the bride, were attendants. Miss Smith played the wedding march and Messrs. Wallace Peverly and Larry Stepiens were ushers. Both bride and groom are natives of Mississippi. The bride is a daughter of Mrs. N. E. Shields and has lived in Bryan for several years, having made friends of all with whom she has been associated, especially endearing herself to the pupils in the public school where she has been an efficient teacher.

Mr. and Mrs. Nesmith, who have the best wishes of many friends, will reside in Houston.

PROPOSALS.

Sealed bids to supply the A. & M. College of Texas for the session of 1901-1902 will be received at the President's office, College Station, Texas, until 2 o'clock p. m., Tuesday, June 11th, for 1500 cords of good merchantable wood delivered on the grounds and to be cut off of the College land, subject to the approval of the President as to quality and measurement.

Also at the same time and place sealed bids will be received to supply said College for the session of 1901-1902 with pork, beef and mutton. All the pork to be corn fed and the beef to be corn fed for the months January, February, March and April. A certified check for \$250 must accompany each bid for wood and meat, to be forfeited to the College in the event the successful bidder fails to make a good and sufficient bond to carry out the contract if awarded to him. The right to reject any or all bids reserved. L. L. Foster, President.

Estimates of Cotton Crop.

New York, June 12.—The Financial Chronicle's estimate of the cotton acreage for the present year has just been published. An increase of 5.05 per cent for the whole country is reported. The department of agriculture in its statement May 31, reported an increase of 8.3 per cent. On the same date The Journal of Commerce and Commercial Bulletin issued its special estimate of 4.9 per cent increase. Both The Chronicle's estimate and that of The Journal of Commerce and Commercial Bulletin were considerably below the trade estimates which often figured about a 7 per cent increase and in some cases as 10 per cent.

To Prevent Speculation.

Monterey, Mex., June 12.—An amendment to the constitution of Mexico has been adopted, restricting the amount of church property and real estate that shall be held by religious bodies who conduct missions in this country. Under this amendment the holdings of church or missionary societies are restricted to property that is absolutely necessary for conducting missionary work. It is asserted that in some instances missionary workers have made use of their positions to speculate in lands.

Insane Man Used an Ax.

Guthrie, O. T., June 12.—John Leigen, living near Cashion, was taken to the Territorial insane asylum in irons, a raving maniac. He became suddenly insane Sunday night about midnight, and taking an ax, killed his brother William by splitting his skull. A second brother, sleeping in the same bed, only escaped a similar fate by jumping up, grappling with the insane man and overpowering him after a desperate battle.

Young Women

The entry into womanhood is a critical time for a girl. With her whole being undergoing a change, the needs of female troubles are given. Little menstrual disorders, if neglected at the time, will follow the woman all her life and grow into fatal complications. That female troubles are robbing homes and filling graveyards, proves this. Yet, irregular and painful menstruation are often permitted to go on, sapping the life and energy, while Wine of Cardui, the positive relief for these ills, is on the shelf of every drug store. Wine of Cardui helps the maiden sustain the shock of puberty by inducing a painless and natural menstrual flow. When once this important function is started right, a healthy life will usually follow. Wine of Cardui is an emmenagogue of great power, and works wonders in strengthening the delicate and sensitive female organs. Many young women owe their lives to Wine of Cardui. No woman should give up hope until she has given Wine of Cardui a trial. If thousands have secured relief through it, why not you?

WINE OF CARDUI

Tully, Kas., Feb. 24, 1899.
I have suffered untold pain at menstrual periods for a long time; was nervous, had no appetite, and lost interest in everything; in fact was miserable. I have taken four bottles of Wine of Cardui with Black-Draught when needed and to-day I am entirely cured. I cannot express the thanks I feel for what you have done for me.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

ABOUT THE SAMOANS.

Commander Tilley Tells of the People of His Charge.

FEW NEW LAWS MADE

Natives Permitted to Follow Old Customs When Not Pernicious. They Are Brave and Warlike, but Hospitable.

San Francisco, June 12.—Commander B. F. Tilley of the United States navy, governor of the United States possessions in Samoa, who has just arrived here on a leave of absence, regarding the conditions there said:

"We have permitted the natives to follow their own customs when they are not pernicious. It was necessary to reform their customs regulating marriage and divorce. The uniqueness of conditions and remoteness of higher authority compelled me to act the part of supreme law giver as well as that of executive officer. I issued ordinances forbidding transfer of real property to whites by the natives and regulating contracts between natives and whites. The ordinances were necessary for the protection of natives as the general laws of the United States do not fit the conditions in the islands.

"Samoa is not permitted to have whisky, but they do not like it any way and there is no trouble to keep them sober. They are a brave, warlike, hospitable people, quite the finest natives I have ever seen. Our government ought, if possible, preserve the race from mixture, we have enlisted 58 Samoans in the navy as landsmen, ordinary seamen and officers. They are kept ashore and are the military resource of the island. They are wonderfully proud of their uniforms. They take to firearms like ducks to water, and rapidly become experts in the school of soldiers.

An enlisted Samoan drawing \$16, \$20 or \$30 in American money is a tremendous swell among the natives. He makes a good soldier, fighting being the Samoan's specialty.

"I do not think the commerce of the islands ever will amount to a great deal. The chief value of the islands to this country is the great harbor which is protected against hurricanes and can easily be made secure against an enemy. Congress has passed an appropriation to enable us to enlarge the coal storage capacity of the harbor to 10,000 tons, enough to coal the fleet. German Samoa is doing well under Governor Soif, a broad minded man. Lieutenant Commander Dorin is now in command at Samoa."

Philippine News.

Manila, June 12.—Lieutenant Henry T. Mitchell of the Forty-first regiment, has been arrested and will be tried by courtmartial on the charge of embezzlement at Bacolor of \$277 of the public funds.

The Philippine commission has passed an act creating 14 judicial circuits. The following appointments have been made by the commission: General Mariano Trias, governor and R. M. Shearer treasurer of Cavite.

Ambrosio Flores governor and Capt. James E. Hill of the Forty-second regiment, treasurer of Rizal.

Captain Jacob F. Krebs of the Twenty-second regiment, governor and Lieut. Richard C. Day of the Thirty-fourth regiment, treasurer of Nueva Ecija.

Southern Industrial Association.

Philadelphia, June 12.—Two important papers occupied the attention of delegates to the Southern Industrial convention this morning. "The Relations of Southern States to Productive Wealth of the Nation," was discussed by governors of various states or their representatives. The speakers set forth the resources of their states for investment of capital and inducement offered settlers. Specially appointed delegates presented, "Industrial and Commercial Advantages of Cities of the South." The attendance is growing.

Y. M. C. A. Jubilee Convention.

Boston, June 12.—The work of the International Jubilee convention of the Young Men's Christian Association, which began Tuesday is in full swing

in all branches, although during early hours delegates were somewhat tardy. The presentation of Young Men's Christian Association problems and subjects bearing on progress of the work of 50 years, was the main feature.

Fatally Shot by a Negro.

Shreveport, La., June 12.—John Gray Foster, brother of the wife of Governor McMillin of Tennessee, was fatally shot by a negro on his plantation near this city. Mr. Foster died of his wounds.

The negro who shot him escaped, but a posse is hunting him. Intense excitement prevails at Shreveport and the negro will be lynched if caught.

Samford's Successor.

Montgomery, Ala., June 12.—William D. Jelks of Barbour county, who succeeds the late Governor Samford, and who is president of the senate, is now in Beaumont, Tex., but a telegram received from him stated he would reach the city soon to assume the duties of the office. Governor Jelks will hold until the regular election in 1902, and his successor is elected and qualifies.

Still Improving.

Washington, June 12.—Mrs. McKinley's physicians report she continues to show improvement.

Foster Father Suspected.

Atlanta, June 12.—R. F. Flowers, the foster father of the murdered child, Bertha Jackson, whose body was found Sunday near Poplar Springs, is being detained at home by officers. The coroner's jury in the case has been in session almost continually since the crime was discovered and Flowers is held to await their action. Blood stains have been found on the floor and walls of a room in Flower's house, and the girl's bonnet, bearing marks of blood, was Tuesday placed by unknown hands on the bundle of clothing cut from the body of the dead girl.

Shot The Wrong Couple.

Salem, Ills., June 12.—Nathan Cox, a prominent farmer of Omega township, and Emma Cox, his wife, are lying dangerously wounded at their home just northeast of this city, each with a full charge of No. 3 shot in the body, having received the same at the hands of Peter Cooch, a neighboring farmer. The shooting of Mr. and Mrs. Cox was the result of mistaken identity. Cooch believed them to be his separated wife and the man at whose home she now lives.

Stabbed By His Brother.

Laporte, Ind., June 12.—Charles Palen, aged 15 years, was probably fatally stabbed in an affray with his brother Frank, aged 12. The elder boy tantalized the younger boy, until the latter goaded to desperation, turned upon him and buried the blade of a jack knife in his side, the blade piercing the left side, causing internal hemorrhage, which is slowly taking his life. The younger Palen is nearly crazed with grief.

Arapahoes Getting Ugly.

Helena, June 12.—A special from Red Lodge, Mont., says serious troubles is threatened with Arapahoe Indians on the Shoshon reservation, just across the state line in Wyoming. Reds have openly defied authorities and are preparing for the barbarous sun dance. The state militia has been ordered to the scene.

A Jealous Husband.

Des Moines, June 12.—Crazed by jealousy Elijah Heathcote, a contractor, held his wife at arms length Tuesday night while he poured the contents of his revolver into her body. Four bullets took effect. Heathcote is now in jail, while his victim is at the hospital at the point of death.

Second Term Refused.

Washington, June 12.—At the annual meeting of the Georgetown Convention alumnae, Mrs. Washington Roebeling of New Jersey, declined to serve a second term as president and Mrs. Julius C. Walsh of St. Louis was unanimously elected.

Killed His Wife and Himself.

Flora, Ills., June 12.—At Louisville, eight miles from this place, Ossa Bryant, a laborer, shot and killed his 19-year-old wife and then turned the weapon on himself, dying instantly. Domestic troubles led to the tragedy.

To Hold a Religious Debate.

Vernon, Tex., June 12.—The religious debate between Dr. J. N. Hall of Fulton, Ky., representing the Baptists, and Dr. Alderson of Paris, Tex., representing Methodists, will begin on June 17 and continue 10 days.
